

Hellebore 'Ashwood Garden Hybrids' Large Plants

- A full range of forms and colours will be available from January to early March 2009.
- We offer 3 year old container grown hellebore plants in bud or flower, usually in 3 litre pots.
- We will do our very best to match the colours and forms as depicted, however these plants are grown from hand pollinated seed so each plant is slightly different.
- Early ordering is essential as some colours sell out quickly.
- Despatch will begin in mid January until around mid-March subject to availability. Not all plants will flower at the same time so please be patient as we may have to wait a while to collect all of your order.
- When your plants are despatched they will be sent by next day courier to ensure the plants arrive in perfect condition.

Single Flowered	Price	Qty	Total
