

Hellebore 'Ashwood Garden Hybrids'

Special Mail Order Service to Japan

Information Page

We offer a full range of 3 year old container grown hellebore plants in bud or flower that can be sent to an address in Japan direct from our nursery. The hellebore plants will have all the soil removed from their roots and will require planting upon arrival.

- This service is currently available to our Helleborus 'Ashwood Garden Hybrids' only.
- Minimum order of any 8 plants selected from our order form.
- Early ordering is essential as some colours sell out quickly and you should always provide an alternative choice.
- We always try to match the colours and forms as depicted, however these plants are grown from seed so each plant is slightly different. All images are for guidance only.
- All plants will be inspected by the government and have a phytosanitary certificate issued.
- All plants will be packed ready for exportation to Japan with all the necessary paperwork.
- Despatch will begin end of February subject to availability.
- Your plants will be despatched by courier service with a tracking service available to trace your consignments once despatched.
- We will not be responsible for any consignments lost or damaged once despatched from Ashwood Nursery.
- Due to all the soil being removed from the roots great care will be needed to re-establish these plants successfully. Full cultural instructions will be sent with each order.

Mail Order Charge:

Plant Preparation at £8.00 per plant

Postage to your address and packaging materials at £85.00 per eight plants.

Special quotations available for larger orders.

Government Inspection by DEFRA

In addition each order is subject to a government inspection to certify that all your plants are free from pest and diseases. This includes a phytosanitary certificate and is required for exportation to Japan. This is a fixed charged of £40.50 per order.

Payment

Most major credit/debit cards are accepted. We do not accept American Express, Diners club or JCB cards as payment. **Please notify your bank in advance of the overseas transaction to avoid delay.** We accept sterling cheques from the U.K. but they must be undated and made out to a limited amount. See our website for details.

How to Order:

1. Please complete the special order form on our website called Helleborus 'Ashwood Garden Hybrids' Special Mail Order Service to Japan.
2. Select the number of plants required in the box next to each item on the order form. Please select a minimum of 8 plants.
3. Select substitutes you would be happy to receive if we sell out of your first choice. All orders are sorted in strict rotation of when they are received. Indicate using an * next to the quantity.
4. Complete the order summary box and total up the maximum amount your order would cost.
5. Check all your details are correct and return the form by post or fax.
